Tasting Notes

Along the hills and beaches on Old Mission Peninsula, there are as many orchards as vineyards. Nature gives us many gifts, with a time and season to enjoy each one.

Celebrate the heritage and harvest of Old Mission Peninsula. That's the Spirit of Cider! For purchase online and in retail location, we sell our cider in 750 ml wine bottle sizes. Best consumed within 1-2 years.

For purchase in our tasting room, we offer ½ gallon growlers of cider, 16 ounce baby growlers, and pints of cider to enjoy in our cozy tasting room or on our patio. Discounts on refills are available. Season flavors offered vary all throughout the year. We recommend drinking the growlers within 3 months of purchase, and within 2 weeks of opening.
